

As a regional paint manufacturer, Vista Paint conforms to the following clean-air standards:

- **Vista recycles wash water thereby creating zero discharge to the environment**
- **Vista recycles returned paint products as a part of the State of California's "Paint Care" program**
- **All Vista manufactured products are water-based**
- **Our manufacturing facility recycles all corrugated boxes and shipping materials**
- **Solar panels at our Fullerton manufacturing facility allow Vista to create a zero carbon footprint**
- **Vista Paint products comply with the strict environmental limits of both LEED2009 and LEEDv4**
